Four-year-old Jimmy fell and skinned his knee. His mother tried to take his mind off the scrape by offering him a Popsicle.

Jimmy replied, "Actually, Mom, I think I need something a little stronger. Do we have any chocolate?"

EVERY JOB HAS PROBLEMS.

A KEY CONSIDERATION IN CHOOSING A CAREER IS DETERMINING WHAT TYPE OF PROBLEMS YOU ENJOY SOLVING.

Things you never want to hear in a tattoo parlour:
"Eagle? I thought you said Beagle."
"Man, I hate when I get the hiccups."
"Anything else you want to say? We've got all kinds of room back here."

Henry read an ad for a vacation cruise that cost only \$100. After he signs up and pays, the travel agent hits him over the head with a bat and throws him out the back door into the river.

Soon, Eddie comes in to the travel agency, pays for the same vacation cruise, and gets the same treatment. Fifteen minutes later, as Henry and Eddie are floating down the river together,

Henry says, "I wonder if they're serving any food on this cruise."

"I don't know," Eddie replies, "They didn't last year."

Three girls worked in the same office with the same female boss. Each day, they noticed the boss left work early. One day at coffee time, the girls decided that when the boss left work that day, they would leave right behind her. The brunette was thrilled to be home early. She spent some time with her son, did a little gardening, and went to bed early. The redhead was elated to be able to get a quick workout at the gym before meeting her friends for a leisurely dinner. The blonde was happy to get home early and surprise her husband, but when she got home, she heard some muffled noise coming from the bedroom. Slowly and quietly, she cracked open the bedroom door and was mortified to see her husband in bed with her boss! Gently, she closed the door and crept out of the house. The next day, on their coffee break, the brunette and the redhead planned to leave work early again, and they asked the blonde if she was going to go with them. "No way," the blonde replied, "I almost got caught yesterday!!"

A young woman was describing her date to a friend.

"After dinner," she said, "he wanted to come back to my apartment, but I refused. I told him my mother would worry if I did something like that."

"Good for you," her friend said, "Then what happened?"

"He kept insisting, and I kept refusing," the young woman responded.

"He didn't weaken your resolve, did he?"
the friend asked.

"Not a bit. In the end, we went back to his apartment. I figured, let *his* mother worry."
